SUMMARY

Motivated and skilled Full Stack Developer with 2 years of experience building and maintaining responsive web applications. Experienced in integrating third-party services and developing responsive design.

EXPERIENCE

IT System Development

Kalbe Nutritionals (PT Sanghiang Perkasa)   **March 2023 – March 2025, Bogor, Indonesia**

· Designed and implemented a KPI Management system for the Sales Support department using .NET MVC and Stored Procedures, eliminating the need for manual KPI calculations for the frontliner sales team and improving efficiency and accuracy in performance tracking.
· Developed and integrated REST APIs using .NET Core to seamlessly connect the Oracle System with other support systems, enhancing data accessibility and integrity.
· Developed a Budget Management Module using .NET Core to allocate budgets from the central fund to various activities, including marketing proposals and other budget-requiring initiatives, resulting in improved financial planning accuracy.

Bootcamp .Net Developer

PT Xsis Mitra Utama   **October 2022 – March 2025, Jakarta, Indonesia**

· Collaborated in a professional training program to develop essential soft skills, including communication, teamwork, and problem-solving, enhancing readiness for real-world work environments.
· Learned proficiency in C#, SQL Server, and .NET Core through hands-on projects and exercises, building scalable applications and implementing efficient database management solutions.

Bootcamp Java Developer

Indocyber Global Teknologi   **September 2022 – October 2022, Jakarta, Indonesia**

· Developed foundational skills in SQL and Java programming through comprehensive training, focusing on query optimization, database design, and object-oriented programming.

EDUCATION

Bachelor of Infomation System

Gunadarma University · Jakarta · 2022 · 3.33 GPA
